4. **Bonuses and Freebies** – Earn prizes, cash, and gifts during special campaigns or monthly performance challenges.
5. **Top-Quality Product** – Nebulizing diffusers sell themselves when used or shown correctly – this is a *premium* item with lasting impact.

## **How to Use Your Affiliate Dashboard**

Your Affiliate Dashboard gives you real-time visibility into your performance and tools. Once logged in, you’ll see tabs like:

- **Links** – Copy your unique affiliate links to the homepage, specific products, or custom URLs.
  - **Creatives** – Download banners, QR codes, lifestyle images, seasonal graphics, and branded promo visuals.
  - **Referrals** – See who clicked your links and what they purchased.
  - **Payouts** – View your commissions, earnings history, and withdrawal info.
  - **Visits** – Track how much traffic you’re sending and which links perform best.
  - **Settings** – Update your payment info or personal details anytime.
- 

## **Link Best Practices**

- **Never alter or shorten your affiliate link** using third-party tools like Bitly. These *can* break tracking or strip your affiliate ID.
  - If you're concerned about the look of your link (e.g., `?ref=abc123`):
    - **Embed** it behind a button or image on your website.
    - Use tools like **Linktree**, **Campsite.bio**, or a personal blog to disguise links cleanly.
    - **Create branded redirects** on your own site (e.g., `yourdomain.com/diffuserdeal`) to mask the full affiliate URL.
- 

## **How to Succeed as an Affiliate**

Success comes from **consistent, creative, ethical promotion**. Here's how to do it right:

### **Where to Share Your Links:**

- Product reviews on **blogs, YouTube, TikTok, or Reels**
- **Facebook Groups** or Reddit (only if the community allows promo)
- **Pinterest** boards with themed wellness visuals
- **Email newsletters** to your list
- Your **Instagram bio**, Linktree, or swipe-up Stories
- **In-person** — QR code cards, scent parties, or demos

### **How to Convert More:**

- Use your **affiliate-exclusive discount codes** — people love deals!
- Focus on **benefits, not features**:  
“Helps me sleep better,”  
“Wakes me up with peppermint,”  
“No water = no mold!”
- Add **urgency**:  
“This code expires Friday!”  
“Only a few left at this price!”
- Build **routines**:  
“My morning ritual with citrus and clarity oil.”  
“Here's my post-work detox blend.”
- **Pair the diffuser** with oils and lifestyle: Workday → Yoga → Bedtime → Travel
- **Show, don't tell** – People need to *see and hear* the swirling mist, the design, and the unit in operation.

---

### **What to Avoid**

- **No spam** – Don't mass-post links without context or value.
- **No medical claims** – We're not doctors; always stay compliant (e.g., don't say “cures anxiety”).
- **No deceptive practices** – Don't hide affiliate intent or misrepresent the brand.

- **No content theft** – Don't use copyrighted images or text without permission.
- **No link tampering** – Use your affiliate links exactly as given.

Be classy, honest, and consistent. Your trust with your audience is your most valuable asset.

---

### **Troubleshooting & Improving Performance**

- **Link not working?** – Check for extra characters or formatting issues.
  - **Not tracking?** – Make sure you're using the full, unaltered affiliate link.
  - **No conversions yet?** – Are you using the most current promo code? Are you offering real value and context?
  - **Need help?** – Email: [info@organicaromas.com](mailto:info@organicaromas.com) — we're here for you.
- 

### **Affiliate Tips from the Pros**

- **Consistency = Cash** – Talk about Organic Aromas at least once per week.
  - **Storytelling sells** – Instead of “buy this,” try:  
“This changed how I sleep after years of trying everything.”
  - **Content variety wins** – Try unboxings, how-tos, oil blending tutorials, before-and-after room makeovers.
  - **Use holidays and events** – “Mother's Day gift guide,” “New Year's detox kit,” “Wedding wellness bundle.”
  - **Leverage search intent** – Create content that answers real questions:  
“Best essential oils for ants,”  
“Natural stress relief,”  
“Essential oils for migraines,”  
“How to clean your diffuser.”
-
